**Teatro
di Roma**

India

Teatro India

Teatro India is located at the intersection of three neighborhoods of the city of Rome: Testaccio, Ostiense and Marconi districts; at a crossroads of two Municipalities, on the bank of the river Tiber, under the industrial architecture of the Gasometer, gazing on one side towards the city center and on the other towards the sea.

Teatro India was inaugurated on the 7th of September 1999, following a restoration work of the former industrial center of Mira Lanza: the second space of Teatro di Roma, after Teatro Argentina, immediately became a performing art place open to the city: a place dedicated to the contemporary, the experimentation, to new generations.

Today it remains the matrix of a space that is also the space of every creative residence linked to the productions of Teatro di Roma and beyond, of the newly born *Scuola Serale* (Evening School), of a Summer program of cinematic arenas and live music, a meeting point of the cultural community of the city, as well as of the scenography laboratory of Teatro di Roma. And obviously hosting Italian and international performances of theatre, dance, and performance.

The entrance for the public is in Lungotevere Gassman 1 - 00146, Rome
The artists' entrance is in Via Luigi Pierantoni 6 - 00146, Rome

At your first entrance you will be asked to leave your name, or to confirm it is present in a list already communicated to the concierge, and to fill in a certification linked to the Anti-Covid regulation. The certification is scrupulous compliance with the Anti-Covid regulations as specified in the protocol you have read.

During your work, Teatro India will be inhabited and crossed by other artists and other companies: it will be our task to guarantee maximum protection for everyone in terms of the best working conditions - technical and logistical; however, we ask you to be aware of the fact that the vitality of the place is our goal, also in consideration of some of its risks of sound pollution.

At your disposal throughout the day there is the Bar & Ticket Office area which you can access freely to work, in compliance with the distancing and the Anti-Covid regulations; the INDIA FREE Internet connection can be used without password.

Available to anyone who spends a period of work at Teatro India there is a kitchen on the first floor in front of the entrance to Room C. Inside you will find a small handbook with some instructions. The kitchen is equipped with everything necessary to be functional and effective.

The Bar comes into operation two hours before the start of the shows. Here you can find many types of sandwiches, pizza, toast - vegetarian or not - cakes and drinks of all kinds. If you have any particular wishes (company dinners, events on the occasion of the debut or closing ...) or any need other than the normal service, you can speak directly with the Bar managers, with an advance of 48 hours.

We imagine and live Teatro India as a place of creation and thoughts, work and discussions, but also as a welcoming and open space, capable of building a temporary and nomadic communities.

Teatro India wants to take care of each component of these communities, and we would like the people who pass through it to take care of Teatro India.
